Key Note Speakers

Sylvia Kornherr: Trimmer/Hoof Balance Consultant, Almonte, Canada

M.W. Toookie Myers D.V.M Veterinarian/Farrier, Chesapeake, Virginia, USA

HOOF EDUCATION POWERPOINT PRESENTATION - Sylvia Kornherr, hoof consultant

- recognize & address key imbalances in the equine foot. Learn how to balance and restore for soundness.
- understand form and function of each part of the foot and the bio-mechanics behind how the foot works.
- latest research explaining laminitic response in the metabolic horse.
- find out if what you are feeding is causing a carb challenge. Learn what a balanced feed program is.
- how to perform balance radiograph series and measurement technique for farrier application.
- Dr. Ric Redden's balance radiograph manuals provided no charge for attending Vets, Farriers and RVT's.
- seminar handouts available at no charge for all participants.

ASK THE VET: Q&A with M.W. Myers - D.V.M

An incredible opportunity to ask advice from one of North America's top equine vets with over 30 years experience, both a Veterinarian and Farrier current in leading edge research and techniques addressing equine lameness.

HOOF MAPPING HORSE DEMO - M.W. Myers D.V.M

Let us walk you through everything you have learned on our demo horse so you can put into practice and apply what you have learned.

HOOF DISSECTION by Neil Daly
